

Disaster Recovery Program

Phyllis Foulds
DRGR Reporting Manager
Texas General Land Office

HUD Performance Measures:

▶ Purpose

- Established Proposed Accomplishments
- Track Progress
- Justify Expenditures

▶ Typically Defined as

- Direct Benefit (Housing/Economic Develop.)
- Area Benefit (Infrastructure)
- ... in addition to Beneficiary data.

▶ Reporting Frequency

- HUD Quarterly Progress Report

Direct Benefit Performance Measures:

▶ Housing Activities

- Number of Households
- Number of Homeowners / Renters
- Number of Properties

▶ Economic Development Activities

- Number of Jobs Created
- Number of Businesses

Area Benefit Performance Measures:

- ▶ **Typically Non-Housing (Infrastructure) Activities**
 - Number of Public Facilities
 - Number of Linear Ft. of Public Improvements
 - Number of Properties (Demolition or Debris Removal)

Establishing Performance Measures:

▶ Creation of DRGR Activity

- Round 1 and 2.1 – Data from current Performance Statements or Engineering Plans submitted through Dashport.
- Round 2.2 – Data will be discussed/confirmed at Outreach meetings and included in Performance Statement details of grant contracts.
- Amendment Process – Data will be reviewed/confirmed within future grant Amendment Process. (all funding rounds)

Reporting Accomplishments Throughout Grant:

▶ Methods of Reporting:

◦ Housing Activities

- Draw Process – payment of retainage costs against housing setups.

◦ Non-Housing Activities

- Labor Documentation – revised COCC form includes Performance Measures. (eff. 5/1/12)
- Grantee Quarterly Report – revised Qtrly Report Form will include Performance Measures. (eff. 5/1/12)

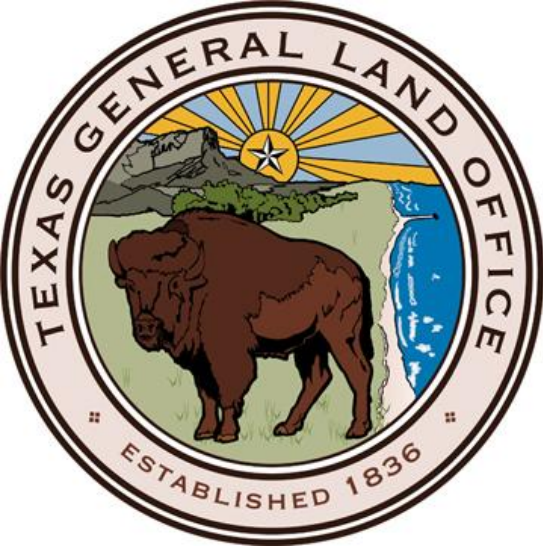

Confirmation of Final Performance Measure Data:

Submission of Grant Project Completion Report (PCR)

- Revised PCR Form will include table for Performance Measures on each funded project.
(eff. 5/1/12)
- Final Quantities should match accomplishments reported to date through other means.
- Final Direct Benefit data will be provided on Multi-Family Housing Activities.
